

## Mendip in Bloom floral displays

*Seven thousand plants in Mendip!*

Once again Quadron has worked in partnership with the Mendip in Bloom Committee and Mendip District Council by planting over seven thousand plants and maintaining numerous floral displays throughout the district to help to contribute to various competitions entered by each town throughout the Mendips.

## High profile reinstatement works on Wells Cathedral Green

Back in late June Quadron added the finishing touches to recent regeneration works at Wells Cathedral by cultivating, levelling and reseeding an area of 3,500 sqm.

The weather conditions were ideal at the time of the works with plenty of hot weather during the cultivation process and a downpour of torrential rain on the evening of the day we seeded which was gratefully received as it gave a good head start to the germination process.

Fortunately for some these conditions continued for three weeks, and we were left with excellent results – 100% germination.

## New team member

Quadron would like to welcome Carl Wright as the new Horticultural team leader.

Contract Manager Wayne Frapple said "Carl comes to Quadron with a wealth of knowledge and experience in horticulture. We are very pleased to welcome him to the team"

Carl will be working with colleague Roger Clark maintaining flower and shrub beds throughout the district.

# Quadron's new Mendip management team

Our new management team has now been completed with the introduction of a new contract supervisor Mark Goodland (middle).

Joining Mark in the picture are Contract Manager Wayne Frapple (left) and Contract Administrator Riah Broomfield.

# Pallbearer training

Recently Quadron worked with WM Adlam Funeral Services to help train Pallbearers in and around the health and safety procedures of lowering coffins into shored graves,

Quadron worked with Mendip District Council to provide a training area with a shored dressed mock grave to allow bearers to carry out training that enables them to maintain the high level competence in their safe systems of work.

Quadron Contract Manager Wayne Frapple was on hand to answer questions regarding the health and safety procedures on the preparation of grave digging and shoring provided by Quadron.
